INNOVATION FOR GROWTH.

# ERO PROCUT VINE TRIMMER

Clean cutting at high speeds, easy to operate and designed for long life and reliability, the new ERO ProCut Vine trimmer ticks all the boxes. The new cutter blade is manufactured from high grade stainless steel with a special shape and deformed edge to ensure a surgical cut and suction of debris from the vines as well as reducing wire damage. The aluminum cutterboard is fully sealed against dirt and debris and the new multi-rib belt system requires no tensioning. The 'Comfort' joystick with smooth, light touch action has a split control box to aid positioning in the cab.

No compromises; German design and quality manufacture.
